

# What is the GOAL of the web App?

- Check in check out
- display information about students
- Verbose and in depth data
- Admin Profile, staff Profile, Parent profile
- student look up
- export data for grant writing
- export data in these ways
  - As the director, I want to pull gender data going back five years
  - As a staff member, I want to pull my class data
  - As a admin, I want to export check in data.
- Semester by semester data (only want this semester students displayed but keep old data.)

# What Can I do in The time I have?

- Check in check out ✓
- display students ✓
- Student look up ✓
- Profiles
  - Admin
  - staff
  - Parent
